

Making it easy for you.

Our customized solution to online training.

We offer custom web-based training on the following topics:

MaxxFoTM Engine

- 2007 MF 7 Engine Overview
- 2007 MF Aftertreatment (AFT) System
- 2007 MF DT, 9, and 10 Air Management System
- 2007 MF DT, 9, and 10 Engines Overview
- 2007 Emissions Fundamentals
- 2007 MF DT, 9, and 10 Base Engine
- 2007 MF DT, 9, and 10 Fuel Management
- 2010 MF 7 Engine-to-Chassis Interface
- 2010 MF 7 for Technicians
- 2010 MF DT, 9, and 10 Engine-to-Chassis Interface
- 2010 MF DT, 9, and 10 for Technicians

PSI Gas Engine

- PSI 8.8L LPG Engine Fuel System Service Procedures
- PSI 8.8L LPG Engine Fuel System
- PSI 8.8L LPG Engine Overview
- Propane 101

PSI Propane Engine

- 2018 PSI 8.8L Gasoline Engine Overview
- 2018 EVAP System Diagnostics
- 2018 Gasoline Fuel System Overview
- Spark Ignition 101

Electrical Systems Series Basics

- Program I: Fundamentals
- Program II: Circuits
- Program III: Wiring
- Program IV: Connectors
- Program V: Multimeters
- Program VI: Motors, Solenoid & Relays
- Program VII: Diodes, Resistors, & Transistors
- Program VIII: Transducers

IC CE Bus

- Program 1: Orientation
- Program 2A: Full Power Brakes
- Program 2B: Electrical Introduction
- Program 2C: Unique Repair
- IC BusTM Door Adjustment Procedures

Diamond Logic Builder

- DLB Manuals
- DLB Introduction and Usage Series
- Introduction to Diamond Logic Electrical System

Air Brake Systems Series

- Program I: System Theory & Components
- Program II: System Operations & Inspection
- Program III: System Tests
- Program IV: Supply System Component Tests
- Program V: Actuation System Component Tests
- Program VI: Common Service Procedures

ArvinMeritor

- Automatic Slack Adjuster
- Foundation Brake

Other Topics

- iKnow Program 1: Orientation and Navigation
- OnCommandTM Parts Information for Fleets
- OnCommandTM Connection Introduction
- OnCommandTM Connection Portal Overview
- Performance A/C[®] Program 1
- Generation 4 Body Controller Overview

For more information please send an e-mail to bleonard@leonardbus.com.

Include your name, telephone #, e-mail address, and your school/company. We will send you an email with a user name, password and instructions on how to utilize our web-based training system.

**Web-based training is for our New York State customers only. If you are located in another state, please contact your local IC Bus dealer for training opportunities.*
