

# CYY Login & Password Change

Navistar has made changes to their login procedure to enhance security. Please note this change to minimize difficulties logging in or changing your password.

- If you are using any Navistar diagnostic software such as HeRo, you will be required to add “@navistar.com” after your CYY number
- If you are prompted to change an expired or expiring password, be sure to enter your CYY followed by “@navistar.com”
- For further assistance or to have your password reset by Navistar call (800) 527-7879.
