

Making it easy for you.

Diagnostic Software, CYY, and Password Reference Guide

This guide is intended to provide resources and solutions to common questions related to software and login challenges.

Diagnostic software subscriptions such as PowerLink, Insite, HeRo, etc. are managed by organizations outside of Leonard Bus Sales. While we strive to be as helpful as possible, software and/or login issues typically must be handled by those outside organizations. Unfortunately, we do not have the ability to access your account to make changes. In the event you need a license key renewal, you can continue to contact your parts representative.

Our Login Information:

| Our CY Y Numbers | Assigned To: |
|------------------------------|-------------------|
| <i>CYY12345@navistar.com</i> | <i>John Smith</i> |
| | |
| | |
| | |
| | |
| | |
| | |

| Other Login ID's: | Assigned To: | Program: |
|-----------------------------|-------------------|-----------------------|
| <i>jsmith@schoolbus.com</i> | <i>John Smith</i> | <i>Cummins Insite</i> |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

Leonard Bus Sales does not have the ability to track or access your login information to any software. See the next page for support contacts.

Software and Login Help

Diagnostic software subscriptions such as PowerLink, Insite, HeRo, etc. are managed by organizations outside of Leonard Bus Sales. While we strive to be as helpful as possible, software and/or login issues typically must be handled by those outside organizations. Unfortunately, we do not have the ability to access your account to make changes. In the event you need a license key renewal, you can continue to contact your parts representative.

An extensive list of frequently asked questions can be found at:

<https://navistarservice.snaon.com/CommonRoot/FAQs.aspx>

Common questions:

1. How can I transfer my software license to another computer?
 - You can transfer a license to another computer by following the steps below:
 - Open the application (HeRo, DLB, etc.) on the current computer.
 - Click on **Help > Registration > Unregister This machine > OK**
 - Input previous product key into application when installing on replacement computer.
2. I forgot the password I use to access Navistar Software. How do I reset it? Or the password I use to access Navistar Software has expired. How do I regain access to my account?
 - Your password can be reset at <http://password.navistar.com>.
 - Support - **(800) 527-7879**
 - Update your default password given by Dealership Support using Password Reset. If you do not update through this link it won't let you continue.

Adding New CY Y Numbers

Existing CY Y Number holders can create additional logins for employees who wish to gain access to Navistar Software such as Diamond Logic Builder, NED, or HeRo. You are limited to 5 total CY Y numbers per fleet.

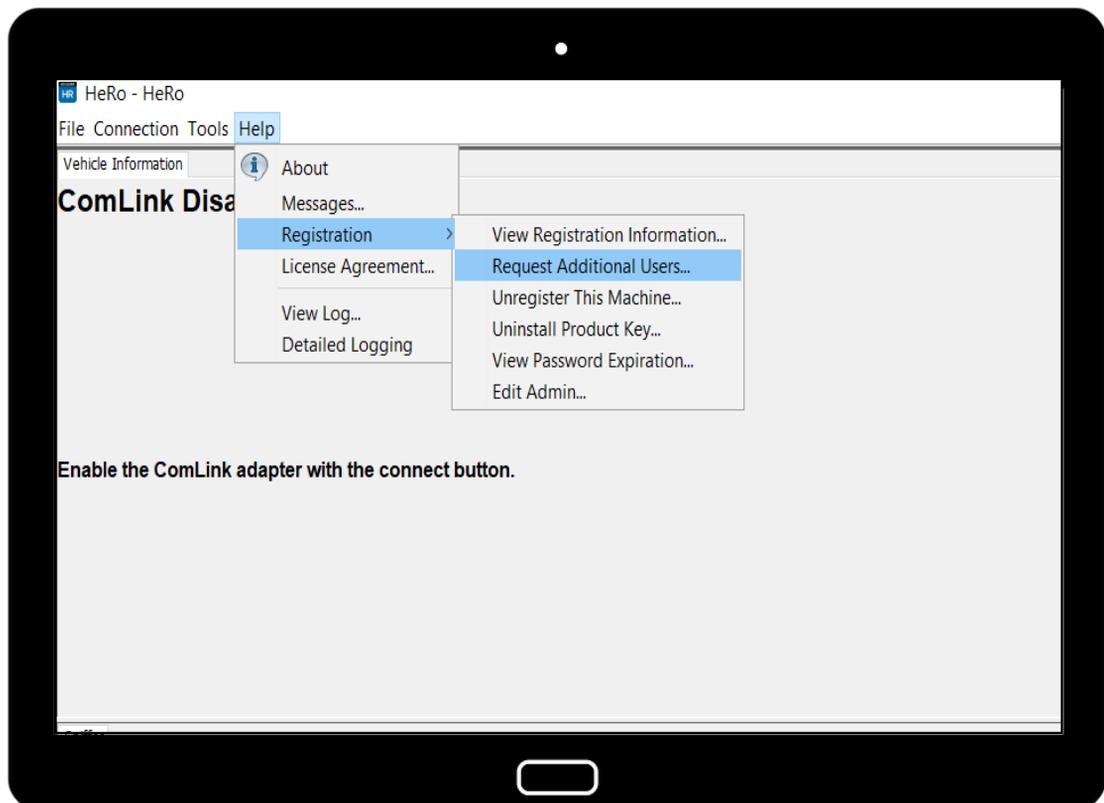

We recommend each user has their own CY Y number. As people retire or relocate, access may be lost if only that individual held the login credentials.

To create a new CY Y Login ID:

1. Open any Navistar Diagnostic Software (HeRo, Diamond Logic Builder, NED).
2. Scroll up to the “Help” menu at the top of the screen.
3. Hover your mouse over “Registration.”
4. Click “Request Additional Users.”
5. Input the requested information and submit.

It may take up to 24 hours to receive the new login information. Check your junk/spam folder if you do not receive the information after 24 hours. You may need to contact your IT department to allow emails from outside organizations.

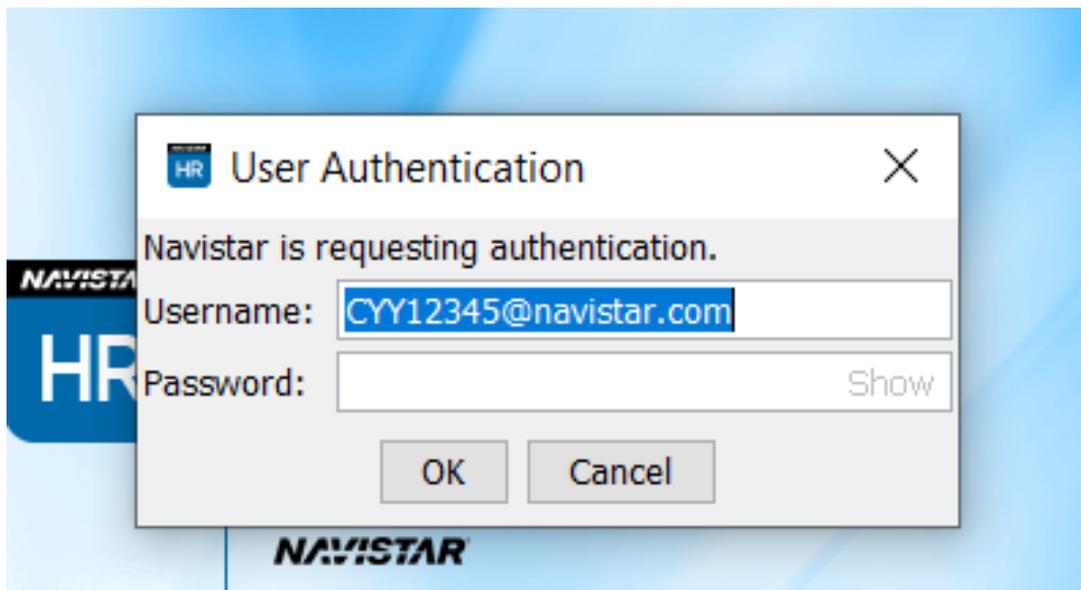

Leonard Bus Sales does not have the ability to check the status of your new login credentials. You must contact Navistar Support at (800) 527-7879.

CYY Login & Password Change

Navistar has made changes to their login procedure to enhance security. Please note this change to minimize difficulties logging in or changing your password.

- If you are using any Navistar diagnostic software such as HeRo, you will be required to add “@navistar.com” after your CYY number
- If you are prompted to change an expired or expiring password, be sure to enter your CYY followed by “@navistar.com”
